

PROJECT DELIVERABLE CONFIRMATION LETTER

Branding Website & Image Search Platform

Date: 15/03/2026

Client Name: Sonakshi Verma

Project: Studio Branding Website & Event Image Search System

Dear Sir / Madam,

This letter serves as a formal confirmation of the **project scope and deliverables** discussed through your voice notes and our subsequent conversations.

As agreed, **VyomSync** will design, develop and deploy the following software solutions for your studio's digital presence and customer service platform.

1. Branding Website

Type: Dynamic Website (Frontend + Backend)

The website will represent the brand identity of the studio and allow visitors to explore services and portfolio.

Customer Interface Pages

The website will include the following pages:

1. Home Page

- Introduction to the studio
- Banner/hero section
- Key highlights and services

Logo
Brand Name
Tagline

2. About Page

- Studio background and story
- Team or founder information

3. Contact Page

- Contact form
- Business contact details
- Map/location integration (if required)

4. Our Work Page

- Portfolio showcase
- Image gallery categorized by projects/events

Admin Management Panel

An **Admin Dashboard** will be provided for the studio owner with the following capabilities:

- Upload images to the portfolio
 - Manage image categories
 - Edit website content (basic sections)
 - Manage gallery display
-

2. Image Search Website (Event Photo Finder)

A separate dynamic system will be developed allowing customers to **find their photos from event galleries**.

User Features

- Users can **search their photos from an event gallery**
- Easy navigation and photo viewing
- Secure image download system

Admin Features

- Upload images for specific events
- Generate unique event links for users
- Manage uploaded galleries

Security Feature

- Access control to ensure users **can download only their respective images**
-

3. Technical Deployment Support

Our team will assist with the technical deployment of the platform.

Services Included

- Initial system setup on **client-provided domain and hosting**
 - Basic system testing
 - Live deployment assistance
 - **Bug fixing support for 6 months after delivery**
-

Important Notes

1. The following costs will be borne directly by the client:
 - Domain registration
 - Web hosting/server charges
 - SMS/OTP services (if required)
 - Payment gateway charges (if applicable)
 - Any third-party integrations or APIs
 2. Any feature requests **outside the scope defined in this document** will be treated as a **separate enhancement project**.
 3. Ongoing maintenance, upgrades and technical support beyond the included bug fixing period will be provided **under a separate maintenance agreement**.
 4. To ensure efficient design delivery, we request the client to provide **preferred colour themes and brand guidelines** in advance.
-

Assets Required from Client

To proceed with development, the following assets are required:

- Company/Studio **Logo** ✓
- Business **Name and Description** ✓
- Business **Contact Details** ✓

- **Banner Images** for landing page
- **Portfolio Images** for gallery pages
- Any additional **branding materials**

pls include option for video as well

Nil

We look forward to supporting your studio in establishing a strong online presence and delivering a reliable digital experience for your customers.

Please review the above scope and confirm so that development can proceed as planned.

Warm Regards,

Authorized Signatory

Sanjay chourasiya
